A Distressed Speaker.

Rev. Dr. Edward Thomson, of Atlanta, Ga., will make a visit to Wallalla next Sunday in the interest of the League of America, an incorporated association, whose object is to direct the attention of the people to Sunday as a day of rest, and to work in various ways in preserving such day as a permanent feature of our civilization. The Sunday League has the largest membership of any Sunday observance society in the world. Dr. Thomson is a permanent manager of the league, and Bishop W. W. Duncan is one of the directors.

Dr. Thomson is an eloquent speaker, and is highly respected by his countrymen throughout the country as presenting the subject of his lecture in powerful and masterly argument and impressive thought. He will preach in the Wallalla Baptist church next Sunday morning at eleven o'clock, and in the Baptist church Sunday evening at half-past eight o'clock. The pulpit is cordially invited to both services.

A New Flouring Mill.

Messrs. C. R. D. Burns and W. A. Strother have recently completed a new flouring mill, near West Union, and it is known as the Burr mill and is turning out the finest product of flour. The latest appliances have been put in and the machinery is thoroughly up to date. Mr. Burns has charge of the mill and delights to serve his friends and many customers. We had the pleasure of going through the mill Tuesday morning and seeing it running. Mr. Burns can suit the most fastidious in the quality of flour which it turns out. Every customer is highly satisfied with the quality and this is a matter of satisfaction to those who have fine grain. The mill has been running about ten days and the product is growing rapidly. Messrs. Burns and Strother have supplied the flour want in the community for a good flouring mill and are to be commended for their enterprise.

Beaverdam Baptist Association.

The next meeting of the Beaverdam Baptist Association will convene with the Seneca Baptist church on next Tuesday, the 8th instant, at 10 o'clock A. M. This association is composed of some thirty odd Baptist churches, most of which are located in Oconee county. The churches composing the association have an aggregate membership of something near twenty-five hundred. Under the able leadership of the delegates will be from 125 to 150.

The body meets this year at a point favorable for the attendance of some of the shining lights in the Baptist denomination, and the fact that it is one of the first associations to meet during the year makes the session an interesting one. Many questions of religious interest will be considered, and for this reason it is desirous that the attendance be full. There are many hospitable people there, and, therefore, we bespeak a good time for the delegates and visitors who attend.

Lecture by Mr. Jaynes.

One of the very best of the lectures to which the teachers had the pleasure of listening was that made last Thursday evening by Mr. R. T. Jaynes.

At the beginning, occasion was taken to speak in appropriately appreciative words of the work done by Prof. Hughes in his late term in Oconee county. The county were proud to be pupils of such thoroughly equipped and devoted instructors.

The noble work of the true teacher was spoken of as second only to preaching the Gospel.

Education is of two kinds—liberal and professional. At the completion of a school course the student is but just ready for the commencement of the acquisition of knowledge.

For the purpose of education of the poor, there is less than others, can afford to be without its benefits; for by it they are rendered more capable of solving something.

This thoughtful address of Mr. Jaynes contained many excellent points, showing the speaker to be a man of deep thought.

The music by Miss McCollough's orchestra, and the cornet selections of Prof. Hughes, accompanied on the piano by Miss Steele, was much enjoyed as on other occasions during the Institute.

Superintendent McManan's Address.

On last Friday evening State Superintendent of Education John J. McManan, of Columbia, delivered an address before the Oconee County Teachers' Institute and concluded the exercises of the session. He stressed the importance of the public schools and the nature of the education to be imparted in them. He wanted to see the public funds wisely expended, the schools made better, and the teachers better equipped. He pointed out the advantages for obtaining a good education in the country school districts in many instances are too small, and the school could be improved by combining two or three districts and having one high grade central school. He thinks the children can walk three, four or five miles to school, if necessary, in order to have longer terms and better schools in the country districts. For the town of Wallalla he advocated a graded school, with a full range of courses for the teachers of the schools we already have, saying, "It is better to have one good school than three poor ones." But so, perhaps, did not mean any disparagement of the schools we already have. He gave information as to the nature of the work done in the schools now in successful operation.

Mr. McManan is doing a noble work for the schools of the State, and to him is due the credit for having the County Teachers' Institute in this year four weeks in session. He is giving his very best thought to the improvement of the free school system. In the conduct of the county institutes he has procured the services of the foremost educators, and he believes that great and permanent good will be accomplished by the help afforded the teachers in these summer schools.

The W. D. Smith Murder.

In last week's COURIER we gave a short account of the murder of Mr. W. D. Smith, formerly of Wallalla, in Montana. No further particulars have been received by us. We make the following statement from Montana papers concerning the unfortunate tragedy. The Livingston Enterprise says:

"The coroner's inquest upon the body of William D. Smith, who was shot on the 12th of July by Robert Stevens, concluded its labors Friday evening of last week. Little was learned of the facts upon the facts surrounding the tragedy, and upon the evidence, substantially as stated in last week's Enterprise, the jury returned a verdict that the cause of the death of William Smith, find that said William Smith came to his death by a gunshot wound inflicted by Robert Stevens on the 12th of July, 1890."

The Livingston Post gives the following facts: "A visit of habes corpus was issued by the State to the State to admit Bob Stevens, who killed William Smith on July 12th, to bail. The purpose of the writ was effected, and Judge Henry (the Hon. Judge) Colburn, and Stevens' friends say that the amount will be forthcoming as a surety for his appearance for trial at the September term of the district court. Stevens was shot in self-defense while Smith was trying to do him bodily harm, using rocks as weapons of offense. Smith's friends claim that Stevens was shot and dropped with a bullet in his heart, was found last week and the saddle is said to be stained with blood. This leads to the belief that Smith was the one who shot when shot and may put his slayer in a bad light before the jury."

Clerk of the Teachers' Institute.

The exercises of the Oconee County Teachers' Institute were brought to a close last Friday, after a session of four weeks. The last day was devoted to examination. The enrollment during the session reached fifty-one, and twenty-five stood the final examinations.

Five renewals of first-grade certificates were recommended as follows: Messrs. Kate J. Steek, Olive C. Hicks and Bertie Smith, Messrs. J. M. Moss and J. W. Reeder.

Seven second examinations entitling them to first-grade certificates as follows: Misses Ida McCollough, Catherine McCollough, Hattie Belle McCollough, Anna Torburn, Mary Swann, Cora Strong and Phoebe Lampkin.

Twelve new teachers' examinations, making about fifty per cent on all studies, viz: Misses Lizzie Smith, Minnie Rutledge, Anna Kelle, Jessie Strubling, Eva Alexander, Clara Harris, Carrie Kummermer, Belle Spencer and Belle Keenan, and Mr. G. F. Fuller.

Prof. Hughes and his wife conducted the exercises in a masterly manner to the close, and won for themselves golden opinions as capable, earnest and enthusiastic teachers. His wife, Mrs. Hughes, did excellent work for the teachers of Oconee and many regrets were expressed when the hour for parting arrived.

Prof. G. McNeill left for his home at Lafayette, Ala., where he was called on account of the pressure of business for the college over which he presides. He has been a long time in Wallalla he made many warm friends here. He is a gentleman of true culture, exact learning and affable manners.

Prof. J. W. Williams, of Abbeville, S. C., is visiting Mr. Geo. H. Packham and family, of Wallalla. Mr. Williams holds the responsible position of book-keeper in the large mercantile firm of Aug. W. Smith & Co. He has a vacation of two weeks from his arduous and exacting duties and we feel sure that there is no better place to take a rest than Wallalla. It is certain that our young friend will enjoy himself here.

His Life Was Saved.

Mr. J. R. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful escape from a frightful death. In telling of it he says: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I could not stand on my feet. Nothing helped me. I expected soon to die with consumption, when I heard of Dr. King's New Discovery. One bottle gave me relief, and after a few more I was now an well and strong. I can say too much in its praise." Mr. Pinckney Gossett died at his home, near the city of Greenville, on last Sunday morning, July 30th, in the 70th year of his age. His health had been failing for a number of years, but the immediate cause of his death was paralysis, of which he suffered only a short time. This was a sad event to the family, for exactly nine weeks previous to his death they had to give up a devoted and affectionate mother. Mr. Gossett died on his birthday in April a big family reunion was given, at which many of the descendants, connection and friends were present. Mr. Gossett was a good man, a plan, for since that time both members of the household have passed away. Their married life covered a period of nearly fifty years. Mr. Gossett was a native of Spartanburg county, but has been living in Greenville and Pickens counties the past thirty years, and was well known to the community. For many years he was engaged in farming and merchandising in the latter county. He started in life a poor man, but by energy and economy he was able to acquire a comfortable home and reared a large family of children. Eight children, four sons and four daughters, survive. His eldest son is Mr. W. M. Gossett, of Westminster. He was the grandfather of the writer and it was always a great pleasure for us to pay grandpa a visit and enjoy his hospitality. He has been a member of the Methodist church from his youth and always lived up to the standard of his profession. His body was buried at Antioch church in Pickens county, by the side of his wife, after appropriate funeral services conducted by Rev. J. E. Rushton, his pastor, and Rev. M. B. Wilson, the moderator of St. Paul's church in Greenville.
